Adding New Hashers

In order to track Hash Cash, you need Hashers to track. Go to portal.harriercentral.com to add new Hashers. If those Hashers then want the app, give them the Invite Code to avoid creating a duplicate account.

PayPal

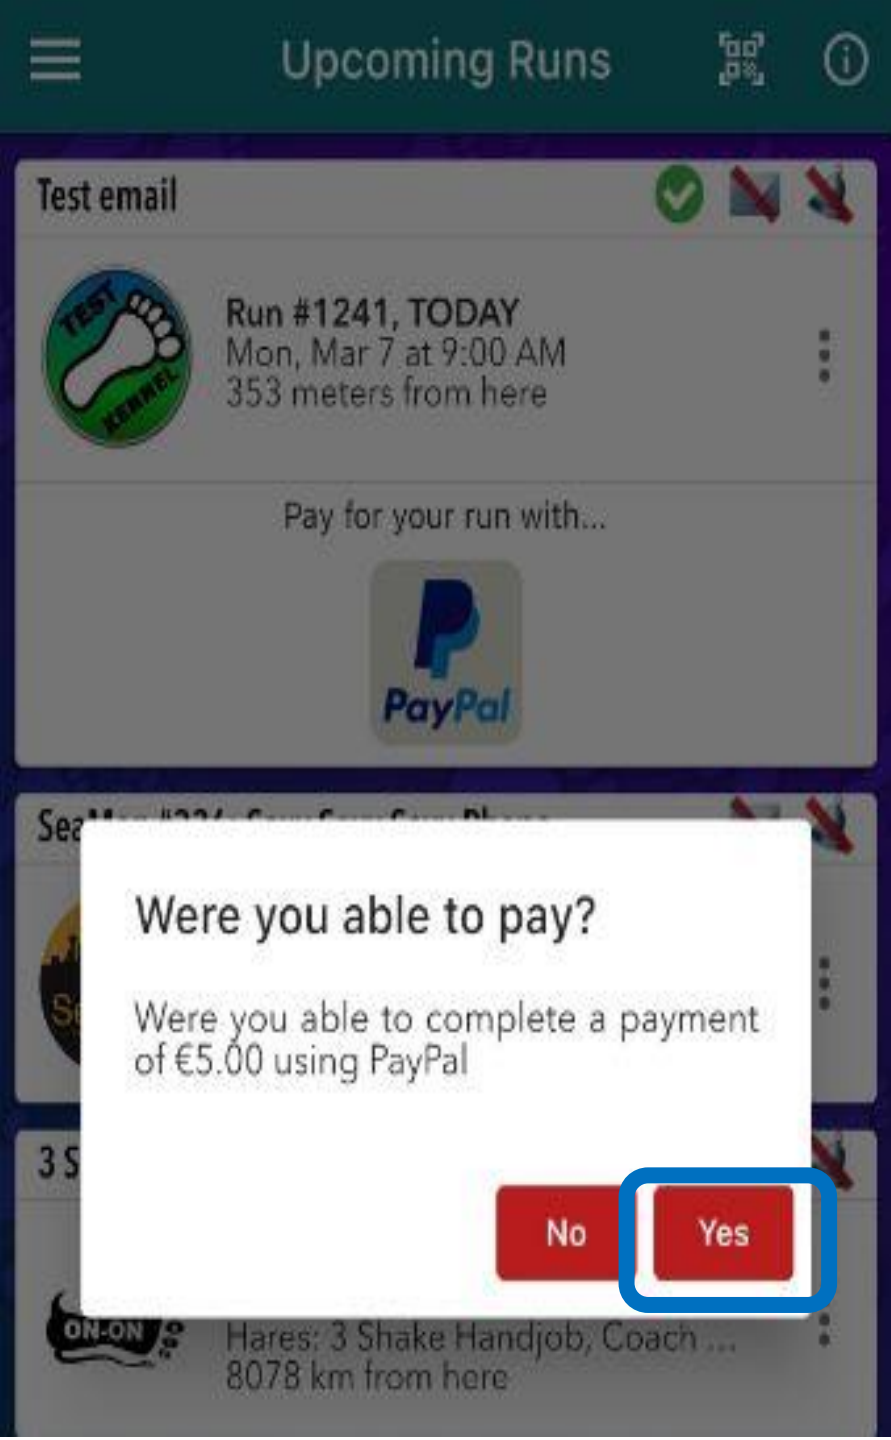

venmo

Electronic Payments Set-up

We can set up your kennel to use PayPal, Venmo (US only) or Zelle (US only). You would just need to send us your Kennel's URL to whichever one you use. Also let us know if you want to charge a surcharge.

Allowing Self-Reporting of Electronic Payments

Those Kennels that opt to set up a link to their PayPal, Venmo or Zelle account, can also opt to allow Hashers to self-report if they made the payment after checking in for the hash.

Common sense is not a gift,
it's a punishment.

Because you have to deal
with everyone who doesn't
have it.

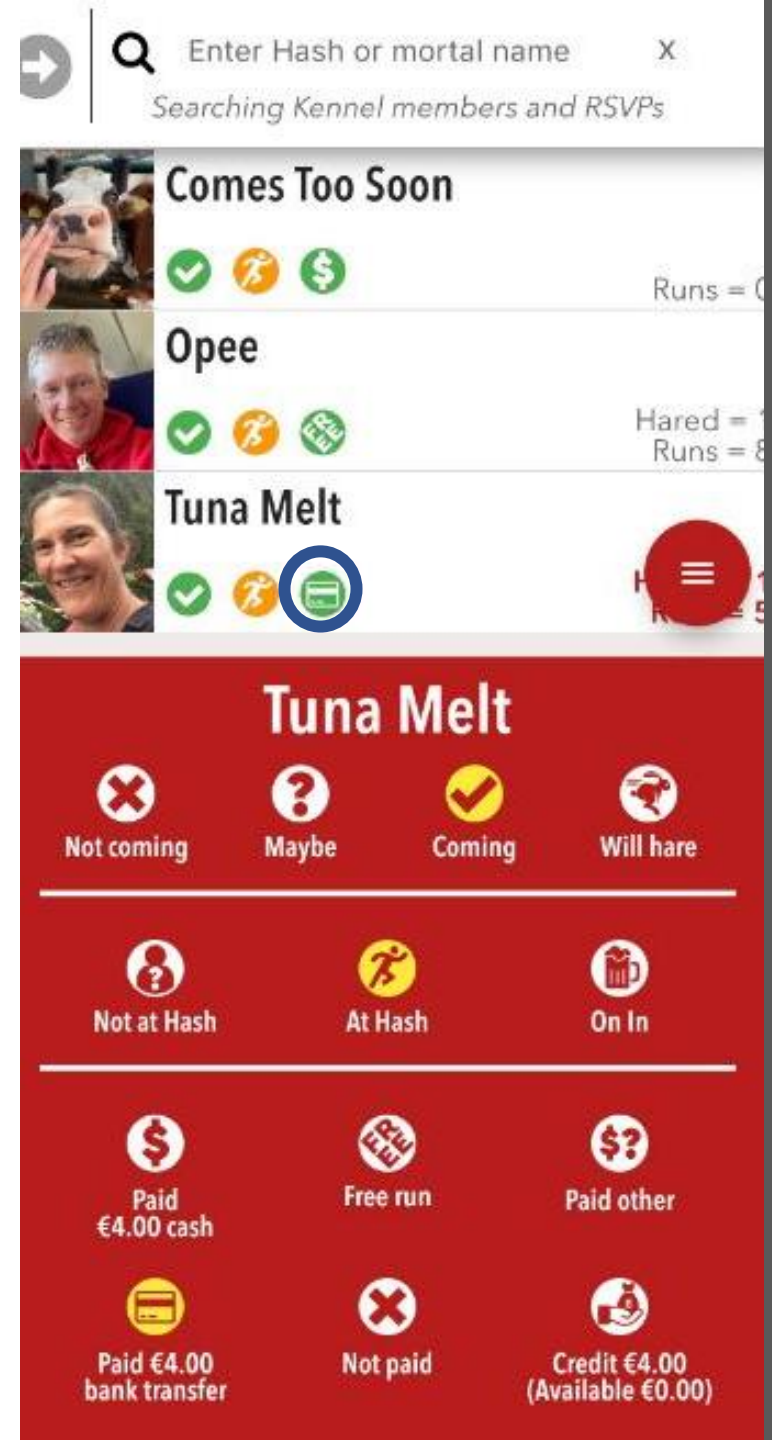

Allowing Self-Reporting of Electronic Payments

Of course, receipt of payment would still have to be confirmed by Banker Wanker. And each Kennel would have to choose how to punish anyone abusing the system.

Recording Electronic Payments at Hash

At run start, anyone with Hash Cash admin permissions can swipe right on Hasher's name to record electronic payment. Green debit card will appear in third dot.
